RAVEN SOURCE ANALYSIS

Article Title: _____

Author: _____

Source Info (Publication, Date, Publisher, Website): _____

Evaluate your article using RAVEN framework.

<p>Reputation: What do you know about the reputation of the author, the sources, and/or the publication? Do they have a reputation for reliability? Are they in a position of authority?</p>	
<p>Ability to Observe: Is the author in a position that allows access to reliable evidence? If the article is about an event, did the author actually observe the event?</p>	
<p>Vested Interest: Does the author have a personal stake in the topic of event? Would the author gain anything by lying? Would the author gain anything by telling the truth?</p>	
<p>Expertise: Does the author have specialized knowledge on the topic or event? Is the author considered an expert in the field? Does the evidence come from a source that has expertise on the topic or event?</p>	
<p>Neutrality: Is the author neutral about the issue or is bias evident? Is the source of the evidence neutral or biased?</p>
